PREVIEW OF COMING

ATTRACTIONS . . .

8th GRADE

Being a student at Mackinaw Middle
Is such a good feeling to me.
I think of many other schools and
There is no place I'd rather be.

— Joey Ray

These we have known together
Hundreds of happy hours
Beautiful, bright blue weather,
Rainbows following showers.

Comfortable silence and laughter,
So many shared memories.
No matter what follows after,
Nothing can take away these.

— Lisa Loose

Don't pass up the school dances
Because they are your chances
To be with classmates and best friends
For it won't be long and school will end.

— Susan Dierich

What is a student somebody asked?
I thought hard about it.
Here's my answer at last.
A student is a person, a sister or brother.
All people are students, one way or another.

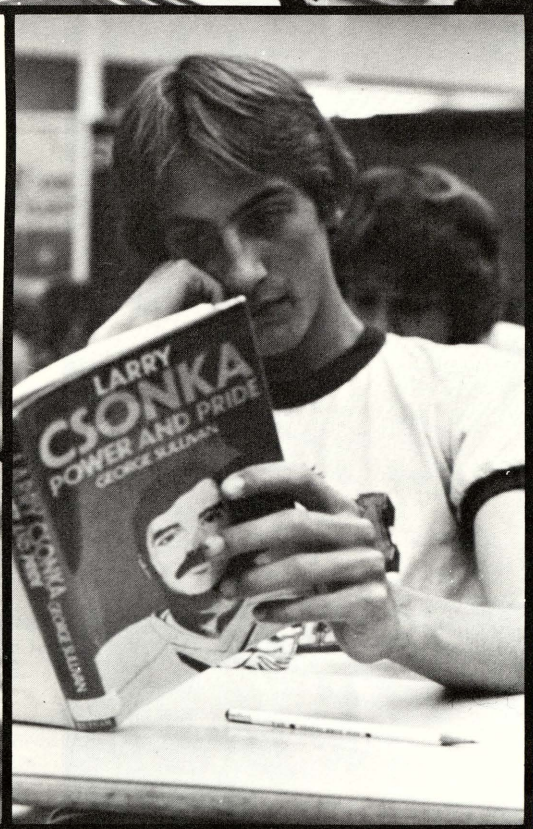

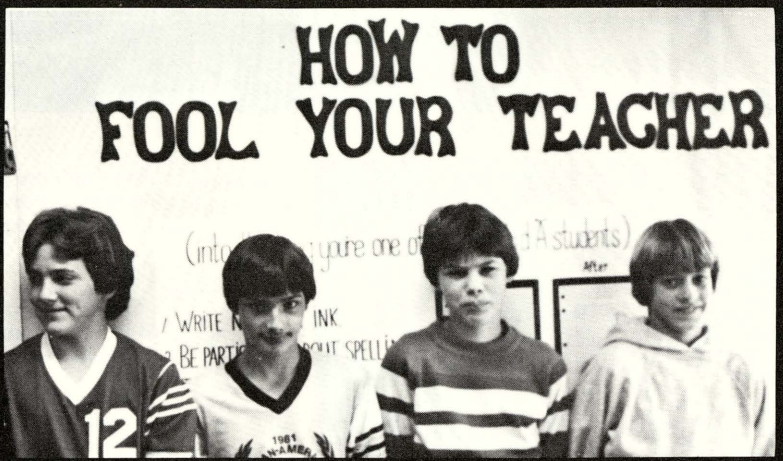

What is a teacher somebody asked?
Once more I thought a great deal.
An answer came really fast.
A teacher is a person, a father or mother.
All people are teachers, one way or another.

— Chris Yates

Walking down the hall I see
Two cute guys following me.
With head up high and smile on face,
I try to walk with stunning grace.
I turn around and flash a smile.
Wow, those guys have real style.
I have to stop to get a drink.
They're going to stop to talk I think.
But they pass by, both biceps and curls;
Seems they were following two other girls.

7th GRADE

Seems as such a regular day.
When suddenly to my dismay
My locker seemed to be jammed
As I remember it was stuffed, really crammed.

How could I get myself in such a mess?
This certainly isn't happiness.
I'll always remember from here on in
To keep that locker neat as a pin.

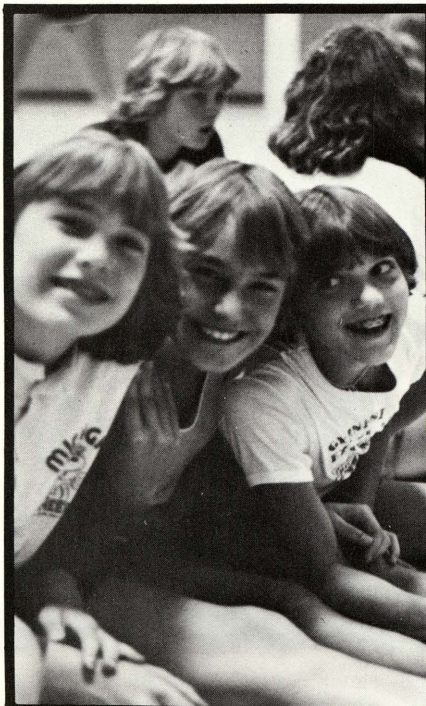

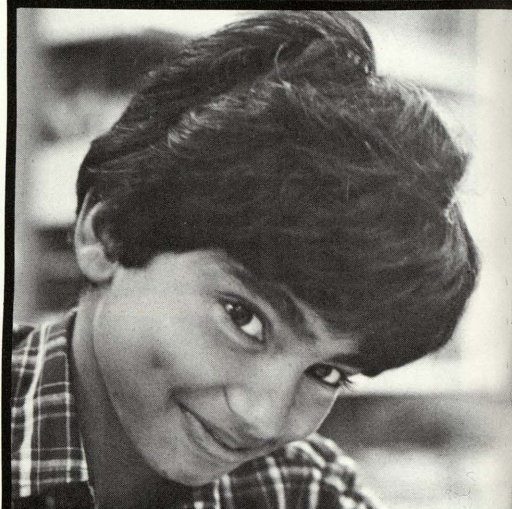

— Joelle Campbell

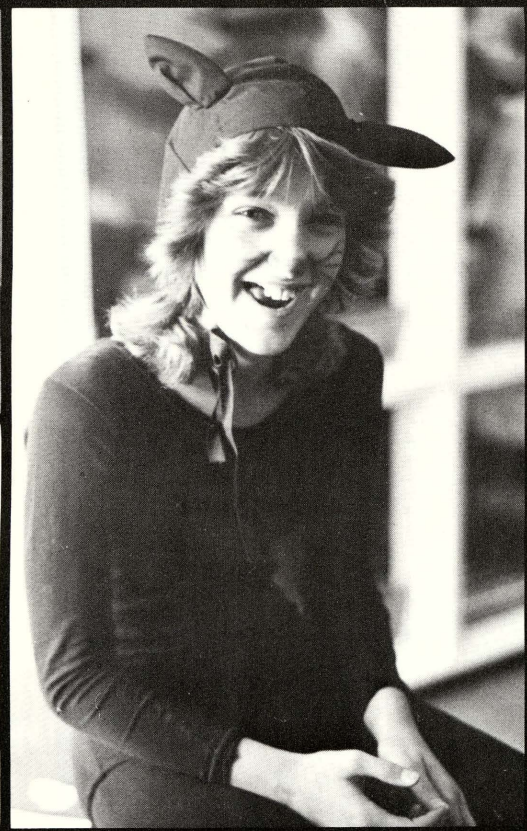

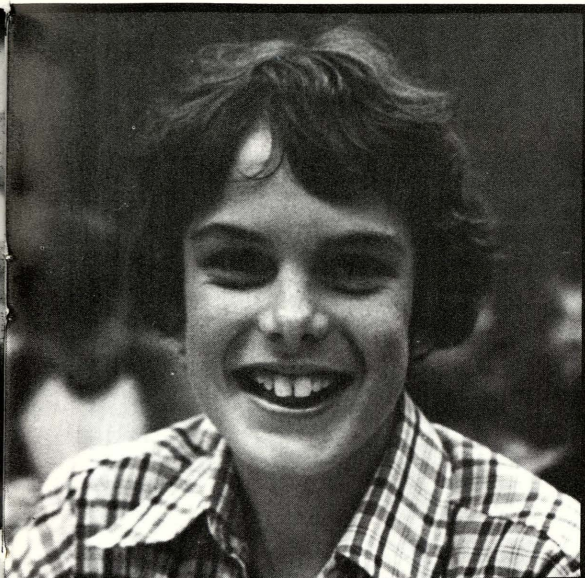

To make my teacher happy
And if I want to pass,
I'd better do something snappy
Or I'll surely fail this class.

6th GRADE

Dollars and sense of which I have little
I'm a typical kid from Mackinaw Middle.
I forget my lunch money and my homework too.
Sometimes I stay home and pretend to have the flu.

School is the pits on all occasions,
Except for snowdays and vacations.
I'm tired of poems and stupid tests;
I'd rather stay home and get lots of rest.

— Ken Schutt

Paper and pencils, books and pens
I wonder if school work ever ends.
I take it home and work all night
And try so hard to get it right.

— Angie Van Auken

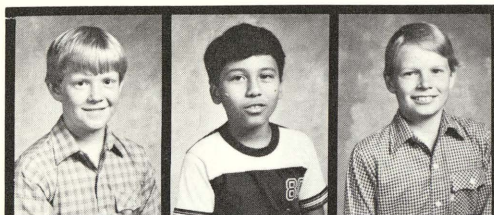

When writing a report
And time you find is short
Arrange your notes and be concise
Or you might write it over twice.

— Bryan Senn

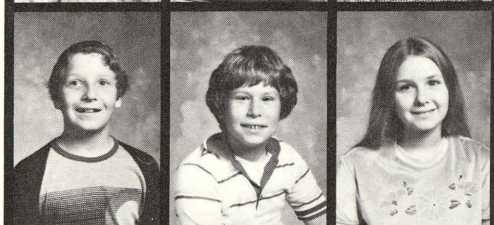

It's nice to watch T.V. at night
But then you wonder if it's right
To let your homework go to see
Your favorite program on T.V.
You'd rather watch a western show
Than learn the answer you should know.
What will the teacher say in class
This way you shouldn't expect to pass.
So take my advice; get the homework done.
First do the homework; then have fun.
You know that it is much better to pass
Than suffer again in the same old class.

I'm really going to miss my school;
 Mackinaw has been fun.
 Although I've really liked it,
 My four years are almost done.

Next year we'll be the youngest again;
 I don't really want to go.
 I'll have all new teachers,
 People I don't even know.

— Kelly O'Connor

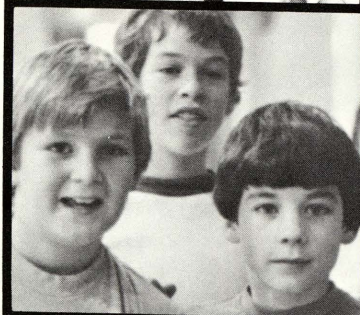

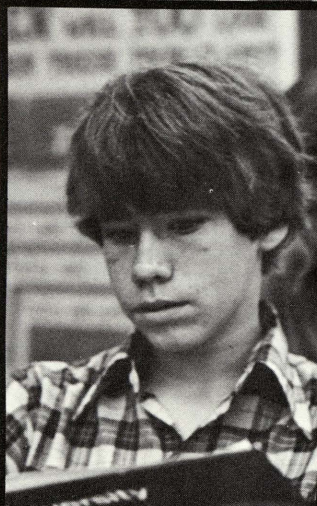

I used to be a Charger;
 It meant so much to me.
 But now I am a Bulldog,
 As proud as I can be.

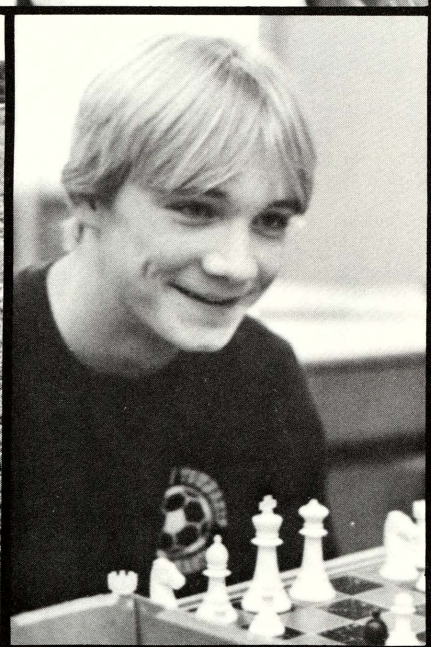

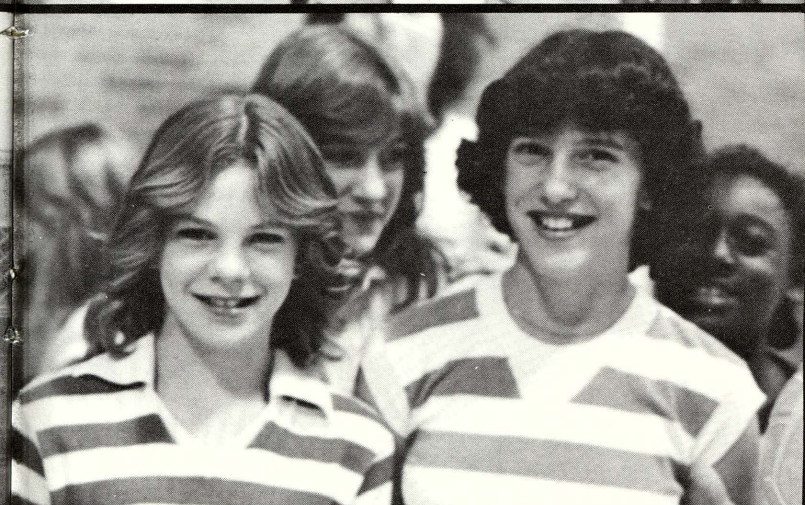

Wearing colors blue and gray,
 Fills me with great power.
 But next year I will change again,
 When I enter Eisenhower.

 In years to come it will not matter
 'Cause other things will interest you.
